

Deleting a Site

<https://campus.barracuda.com/doc/90440718/>

Deleting a site means all data for the site is deleted.

All data for the site is deleted immediately and is not recoverable without a database restore.

If a Device Manager-only site is deleted, all Device Managers are uninstalled.

1. In Service Center, click **Site Management > Sites**.
2. Select the check box beside the site you want to delete.
3. Click **Delete**.
