

## Viewing Maintenance History

<https://campus.barracuda.com/doc/90441039/>

Use the maintenance history to see information about previous maintenance periods. This history shows:

- the start and end time of maintenance periods.
- the name of the user who initiated each maintenance period.
- whether each maintenance period was scheduled or manual.
- what types of alerts were suppressed.
- whether the maintenance periods were planned in advance or not.

1. In Service Center, click **Status > Devices**.
2. Click the link of the device for which you want to view the maintenance history.
3. Click **Maintenance History** in the **Management** menu.
