- Product Security
- Access Control, Data Transmission and Data Storage Data Center Location

- Data Center Location

Data Privacy

<https://www.barracuda.com/company/legal/trust-center/data-privacy>

This article covers Barracuda's policies regarding data ownership.

General Data Protection Regulation (GDPR)

<https://www.barracuda.com/solutions/gdpr>

Barracuda Backup creates secure, redundant, real-time, 256-bit AES encrypted backup of your offsite replicated data. Backups can be replicated to an off-site physical or virtual appliance, to the Barracuda Cloud, or to Amazon Web Services. This protects data against ransomware and other criminal attacks, along with natural disasters, hardware failures, and human error.

HIPAA Compliance with Barracuda Backup

https://assets.barracuda.com/assets/docs/dms/Barracuda_Backup_SOG_HIPAA_Compliance_US.pdf

ISO and/or SOC II Compliance

<https://www.barracuda.com/company/legal/trust-center/security-compliance/certifications>

<https://www.barracuda.com/company/legal/trust-center/security-compliance>

Each Barracuda data center is ISO and/or SOC 2 Type II certified.

To request ISO and/or SOC reports, please visit the Self Service Center on the [Barracuda Trust Center](#) website.
