

Settings: Before You Begin

<https://campus.barracuda.com/doc/93195407/>

Before you begin using Incident Response, configure the settings that will be used as defaults.

To access the settings:

1. Log into [Incident Response](#).
2. In the left navigation menu, select **Settings**.
3. On the **Settings** page, select tabs on the left to view and update specific settings. Settings update automatically. There is no **Save** button to click.

You can change settings at any time.

The following articles describe how to set defaults for Automatic Remediation and Incident Response:

Note that certain settings are available only with Barracuda Email Protection [Premium](#) and [Premium Plus](#) plans and thus are not visible to Automatic Remediation users.
