
Health Check

<https://campus.barracuda.com/doc/93195439/>

The Professional Services Engineer gathers performance metrics and analyzes the existing production system. This data is then analyzed to fine-tune performance and identify possible optimization.

Customers receive setup recommendations and a current performance overview of their Barracuda Networks product.

No preparation is required for this service.

Issues Covered

The Barracuda Professional Services Engineer reviews the following:

- Configuration
- Network traffic
- Sessions
- System logs
- System resources
- System processes
- System parameters
- Events
