

How do I edit a backup set?

<https://campus.barracuda.com/doc/93196708/>

To edit a backup set, click on the  button next to the backup set from the **Backup** tab on a computer account page.

The screenshot displays the 'Computer Information' page for 'Exchange Server'. It includes fields for Backup agent (Connected), Computer name, ID, username, email, phone number, group, and subscription status. A line graph shows storage usage from 2/15/2017 to 5/10/2017, ranging from 0.0 GB to 51.9 GB. Below the graph is a navigation bar with tabs: Active Recoveries (0), Activity, System, Software, Notifications, Backup, Delete, and Restore. The 'Backup' tab is active, showing 'Backup Selections'. A table lists backup types and their configurations. A large black arrow points to the wrench icon in the 'Type' column for the 'DB01 Backup' row.

Backup Type	Type	Run	Next Backup	Scheduled	Remove
  Files and Folders	  DB01 Backup		05/10/2017 @ 7:00 PM		
  Physical Imaging	  Mailbox Level		05/11/2017 @ 12:00 AM		
  Hyper-V Standard					
  Hyper-V Rapid Recovery
