

## Can Intronis back up Mac OS X computers?

<https://campus.barracuda.com/doc/93197088/>

At this time, ECHOplatform only provides [native support for Microsoft Windows](#).

To backup data from other operating systems such a Mac OS X, Linux, or Unix, we recommend mapping out drives or sharing out folders from those systems to a Windows computer running the Backup Agent. For additional information on how to configure the Backup Agent to back up network locations, please see our [relevant knowledge base article](#).
