

How to Enable Add-On Subscription for PAYG licenses in Microsoft Azure

<https://campus.barracuda.com/doc/93197349/>

With the Add-On Subscriptions for PAYG licenses, you can now add/remove the Barracuda Add-On Subscription to PAYG or hourly WAF instances. The charges are based on its consumption. It allows you to subscribe/unsubscribe to the Barracuda WAF Add-On Subscriptions on the fly.

To purchase and use the Add-on Subscription license, perform the following steps:

Step 1 - Purchase an Add-On Subscription

1. Log into the Barracuda Web Application Firewall user interface.
2. Click the **Purchase** link under the **Add-on Subscription** section. You are directed to the Azure Marketplace.

Step 2 - Get the Activation Token

1. Log into the Barracuda Web Application Firewall deployed under the Azure subscription.
2. Navigate to **BASIC > Dashboard > Add-ons Subscription** and click the **Copy Registration Token to Clipboard** button to copy the add-on subscription token.

Step 3 - Use the Activation Token

1. On the Azure portal, navigate to **Software as a service** and click the add-on subscription that you purchased.
2. Click **Configure Account now**. You are directed to Mettle Registration page.
3. Specify the token copied from Step 1.2 and then click **Submit**.

The screenshot shows the Mettle Registration page. It has a dark blue background with a geometric pattern. The text 'Please enter the Registration Token:' is at the top. Below it is a text input field with the placeholder 'Enter the Registration Token Here'. At the bottom is a 'Submit' button.

Step 4 - Use the Product Capability

1. Log into the Barracuda Web Application Firewall.
2. Enable the required feature on **BASIC > Dashboard > Add-ons Subscription**.
3. Configure the feature appropriately to secure your web application.
