The **Dashboard** page provides an easy-to-use overview of the backup, restore, and export jobs in Barracuda Cloud-to-Cloud Backup. The Dashboard is separated into three sections. Each section provides a snapshot of the items backed up, restored, or exported:

- **Backup** – List of items per data source backed up, including size and date last backed up.
- **Restore** – List of items per data source restored, including size and restored from/to locations.
- **Export** – List of items per data source exported, including exported location and download link.

The screenshot shows the Barracuda Cloud-to-Cloud Backup Dashboard. The interface includes a top navigation bar with tabs for PRODUCTS, DASHBOARD (active), PROTECT, REPORTS, and SETTINGS. The main content area is divided into three sections: Backup, Restore, and Export.
