
Release Notes - Run EXE from Web/Install MSI from Web Scripts

<https://campus.barracuda.com/doc/93200781/>

This script release updates the following scripts:

- Run Exe from Web
- Install MSI from Web

These scripts are for use in scripts/automation when files that need to be downloaded are larger than the 10MB automation parameter limit.

If you use either of these scripts, download a new version from the Update Center.

Resolved Issues

Automated Tasks and Scripting

MW-8847	Resolved an issue that caused the scripts to fail with the following error: The response content cannot be parsed because the Internet Explorer engine is not available, or Internet Explorer's first-launch configuration is not complete.
