

What's New in Barracuda Campus, February 2021

<https://campus.barracuda.com/doc/93881199/>

February 2021

The Barracuda Campus newsletter is published monthly with a listing of new and updated articles by product. The **Highlights** section announces new product documentation and other major additions or updates to the Barracuda Campus. Check back each month to see What's New!

Please direct feedback and questions to campus@barracuda.com.

Choose Your Product

Highlights

- [Barracuda Cloud-to-Cloud Backup Version 3](#) is now available for new customers in Barracuda Cloud Control! Cloud-to-Cloud Backup is now visible in the Barracuda Cloud Control (BCC) product switcher as its own service, decoupled from Backup. Cloud-to-Cloud Backup also has its own entitlement in BCC. Barracuda Cloud-to-Cloud Backup Version 3 offers:
 - New massively scalable cloud native platform
 - Cloud-scaled resiliency and scalability
 - In cloud faster backup and restore performance
 - Simplified user experience with enhanced filtering and search options
 - Fast and easy to find and recover data
 - From sign up to backup in 5 minutes or less
 - Comprehensive Office 365 Backup and Recovery, including improved support for Teams
 - Full support of SharePoint, OneDrive, Exchange
 - Multiple recovery options for all data sources
- [Barracuda Cloud Control](#) – Released January 18, 2021
- [Barracuda CloudGen WAN Firmware Version 8.1.2](#) is now available.
