

## User-Reported Email Settings

<https://campus.barracuda.com/doc/96022036/>

To set default values for User-Reported Email:

1. Log into [Incident Response](#).
2. From the menu, select **Settings**.
3. On the **Settings** page, select the **User-Reported Emails** tab.
4. Select whether you want to send an email alert to your organization's security team when a user reports a suspicious email.
5. If you answered **Yes** in step 4, specify the default security team email here. Enter a single email, either to a single recipient or to a distribution list.
