

Task 4. Creating a Management Solution

<https://campus.barracuda.com/doc/96025472/>

To create a Management Solution, perform the following steps.

1. Navigate to **System, Setup Tables** search page.

The Setup Tables search page is displayed.

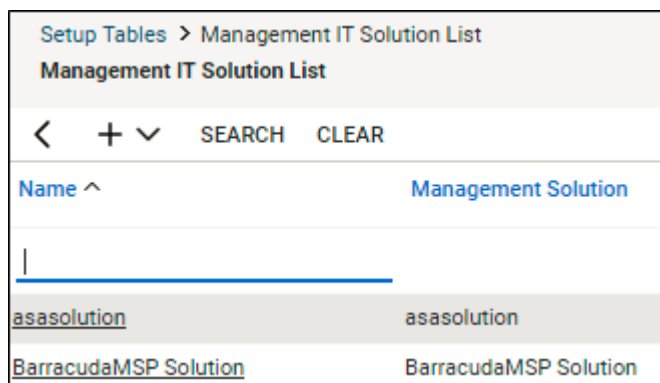

2. At the Table field, type **Management IT**, and then press **Enter**.
The Management IT link is displayed.

3. Click the **Management IT** link.
The Management IT List is displayed.

4. Click the New Item icon and select **Custom Solution**.
The Custom Solution fields are displayed.

5. At the Name and Custom Solution Name fields, type the same name.
Example Name: BarracudaMSP
Note: Login information is not required.
6. Click the **Save** icon, as shown below.

The Management IT Solution is updated.

Go to [Task 5. Creating an Agreement Type](#).
