

Assigning Roles and Access

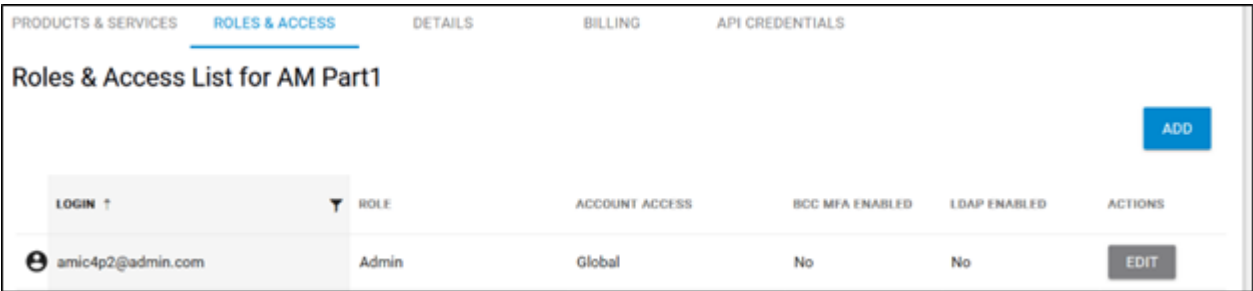

<https://campus.barracuda.com/doc/96768228/>

To assign roles and access, perform the following steps.

- At the MSP partner page, click **Roles & Access**, as shown below.
Note: The Account page does not display Billing/API Credentials options.

The Roles & Access List is displayed.

- Click **Add**.
The Add Login wizard is displayed.
Note: The Entitlements feature is available only at the partner level.

CONFIRM

7. Select the services you want to assign to the account,.

The entitlements section is populated with data if the partner has at least one order purchased. For example, if the partner has Email Security & Compliance, then the following two entitlements are displayed: Email Filtering and Message Archiving. When the partner creates a new user, both, none, or only one of the entitlements may be selected.

8. Click the **Confirm** button.
