# To link the built-in administrator to an Intronis Backup partner account

https://campus.barracuda.com/doc/96770411/

Before beginning this procedure, retrieve your **Partner Username** from the **Manage** tab in ECHOplatform.

1. Do one of the following:
   - In Service Center, click **Configuration** > **User Management**.
   - If you are logged in as the built-in administrator, click **Dashboards** > **Barracuda Dashboard**, then click the link in the **ECHOplatform Partner Credentials Required** area.
2. Click the link of the built-in administrator.
3. Click the **Link to ECHOplatform Partner** button.
4. Type the **Partner Username** as it appears on the **Manage** tab in ECHOplatform.
5. Type the **Client Id**.

   You can find the **Client Id** and **Client Secret** by opening ECHOplatform, then clicking **Preferences** > **View/Edit Contact Information**.

6. Type the **Client Secret**.
7. Click **Link**.
8. Click **Save**.
