

How to Read Your Security Score - Getting More Information about Tests and Test Results

<https://campus.barracuda.com/doc/97520432/>

After you have generated the security score, you can get more information on each of the tests and the test results. The following is available:

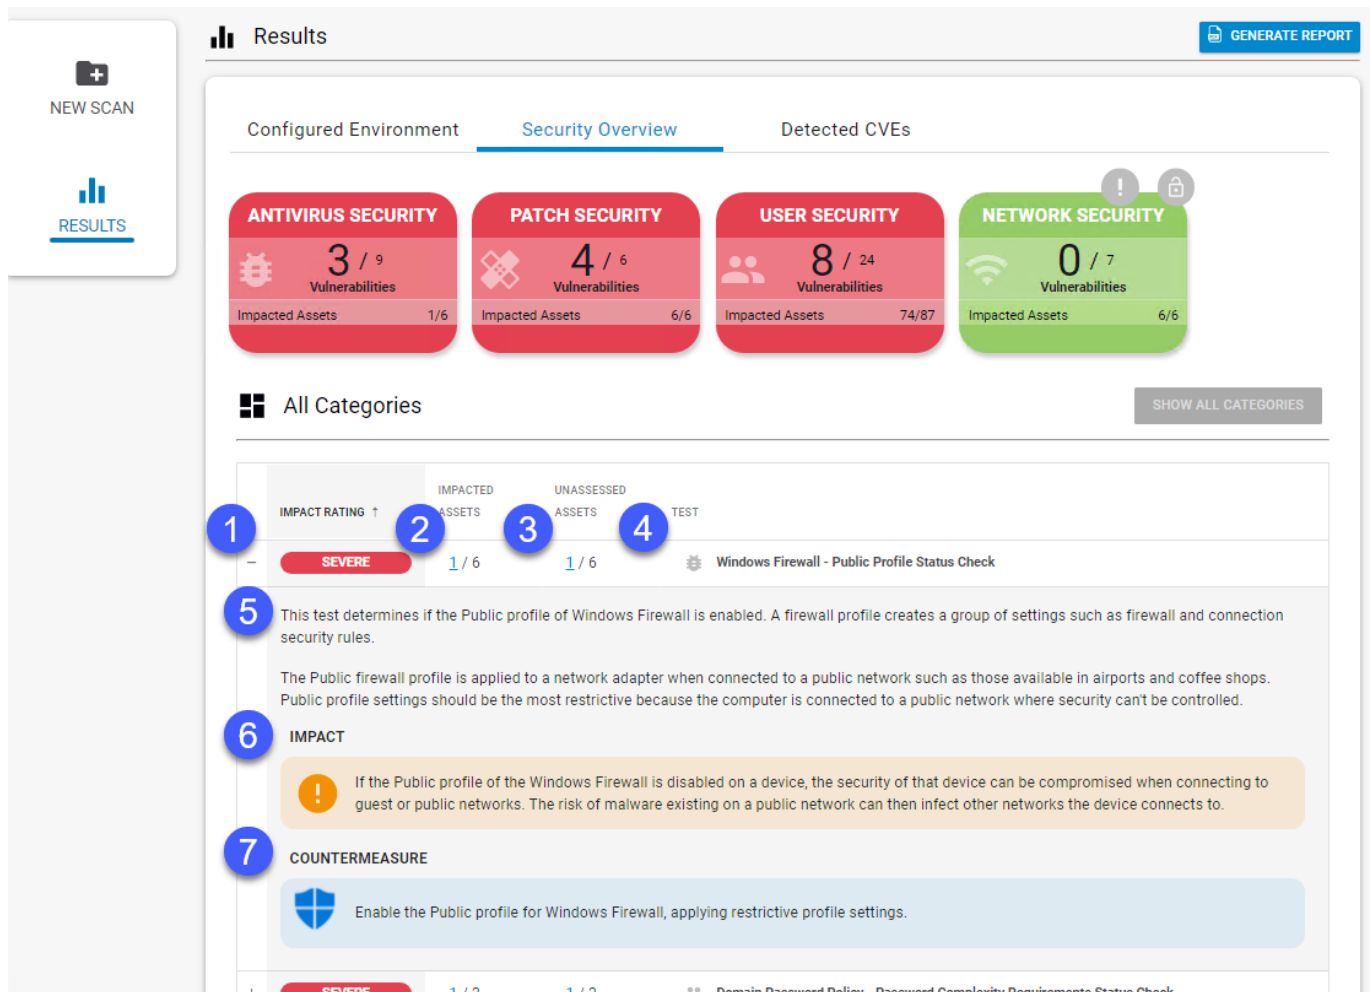

- the impact of the test on the security category
- the number of assets that had a negative result, the total number of tested assets, and the number of assets that were not assessed
- which category the test belongs to
- the name and description of the test
- the test's impact
- the countermeasures you can take to get a better result on the security assessment

To see additional information about tests and test results, on the **Results** page, click the **Plus** icon next to any test in the list.

All Categories

	IMPACT RATING ↓	IMPACTED ASSETS	UNASSESS... ASSETS	TEST
+	PASS	0 / 6	0 / 6	Antivirus Data Collec
+	PASS	0 / 1	0 / 1	Server Antivirus - So
+	PASS	0 / 5	0 / 5	Workstation Antiviru
+	PASS	0 / 5	0 / 5	Workstation Antiviru
+	PASS	0 / 5	0 / 5	Workstation Antiviru
+	PASS	0 / 6	0 / 6	Windows Firewall T

When you click the **Plus** icon  , the test is expanded, showing you the following information:

1. **Impact Rating** displays the severity level of the assessed test.
2. **Impacted Assets** displays the number of impacted assets over the total assets. You can click the link to [display more information on individual assets](#).
3. **Unassessed Assets** displays the number of assets that were not tested over the total assets. You can click the link to [display more information on individual assets](#).
4. This area displays the icon of the category the test belongs to, as well as the name of the test.
5. This area displays a detailed description of the test.
6. **Impact** explains how assets failing the test compromises your customers' security.
7. **Countermeasure** explains any steps you can take to make your customers more secure and get a better result in the security assessment.

For more information on impacted and unassessed assets, see [How to Read Your Security Score - Getting More Information about Impacted and Unassessed Assets](#).
