

Sources (Application View)

<https://campus.barracuda.com/doc/98217381/>

The **Sources** section provides information about domains, IP addresses, violations, and web pages where the violation was observed.

- **Source:** Displays the selected domain details that the violations were observed for.
- **IP Addresses:** Displays the IP details that were resolved to the specified domain/source.
- **Violations:** Displays the total number of violations observed on the domain for the selected timescale. Hover over the graph to view the total number of violations observed for a specific period.
- **Resources:** The web pages (resources) of the selected domain where the violations were observed.
