Application-Specific ABP Details

https://campus.barracuda.com/doc/98225872/

The **BOT PROTECTION > Dashboard** provides detailed bot statistics for the application. Each section provides different bot-related data, such as information about bots that attempted to access the application, the geographical origin of bot requests, the total number of sessions established by bots, the details of the selected client fingerprint, etc.

The application-specific data is displayed in the following sections:

- Overview
- Bot Protection
- Bot Categories
- Bot Session Logs
- Bot Tracker
