

Being wary of emails, text messages or chat boxes that come from a stranger or someone you were not expecting.

Get started in three easy steps:

**Before you start!** Sign up for the October Benchmarking campaign—Barracuda Support can help.

**Step One** Create an email campaign using the template **CSAM W2 Training Invite**

- Template is located in the Content Center and searchable by name
- Training module is already linked to the email
- Set email send date for second week of October
- If you need help sending out email invitation, contact Barracuda Support

**Step Two** Supplement training with infographics, spotlights and threat spotting sheets provided in the bundle:

- Ransomware Infographic
- Insider Threat Infographic
- Spam Infographic
- Catfishing Infographic
- Threat Spotting Sheets (13 to choose from)

These can be printed and posted in employee areas or sent as attachments via your company email.

**Step Three** Extend your training with additional material available in the Content Center:

- NCSA Training Videos (search key word **NCSA**)
- Click Thinking Spotlights (search key word **Spotlight**)
- Quick Launch Campaigns (search key words **Quick Launch**)
- Games (search key word **Game**)
