WEEK 3

Explore, Experience, Share

Highlights cybersecurity's impact on staffing, networking and career development.

Get started in three easy steps:

Step One

Invite employees to take training using the email template **CSAM W3 Training Invite**
- Template is located in the Content Center and searchable by name
- Training module is already linked to the email
- Set email send date for third week of October
- If you need help sending out email invitation, contact Barracuda Support

Step Two

Supplement training with infographics, spotlights and threat spotting sheets provided in the bundle:
- Phishing Careers
- Staffing and Cybersecurity
- Threat Spotting Sheets (13 to choose from)

These can be printed and posted in employee areas or sent as attachments via your company email.

Step Three

Extend your training with additional material available in the Content Center:
- NCSA Training Videos (search key word **NCSA**)
- Click Thinking Spotlights (search key word **Spotlight**)
- Quick Launch Campaigns (search key words **Quick Launch**)
- Games (search key word **Game**)
