Product News and Updates

NEW THIS MONTH

Introducing: Barracuda Security Awareness Training

In a move to simplify and clarify our product offerings, Barracuda has streamlined its Email Protection product lineup into three plans:

- **Advanced**
- **Premium**
- **Premium Plus**

As part of this effort, the Barracuda PhishLine name has changed to Barracuda Security Awareness Training and is offered through the Premium Plus plan. For complete plan details, click [here](#).

SECURITY AWARENESS TRAINING
formerly Barracuda PhishLine

What this means to you

When you log into the platform you'll notice a new look and feel designed to deliver a faster, more responsive user experience. Everything you rely on to conduct simulated phishing and training campaigns is still here, only better. What's more, ongoing enhancements and product updates will continue as usual, and new emails, landing pages and training will be added regularly.

Overall

Barracuda Security Awareness Training is part of a comprehensive suite of solutions designed to deliver top-notch protection to customers. According to an SE Labs test report published in November, Barracuda's email security solutions provided the best level of malicious threat detection efficacy. Click Thinking Express

Last month we introduced *Click Thinking Express*, a quicker approach to training. Now we've expanded the collection of under-a-minute modules to cover all P101 and A101 concepts:

Signs of Phishing
Phishing Types
URLs
Hyperlinks

Phishing Scams
Incident Response
Passwords
Mobile Devices

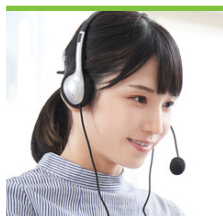

Social Engineering
Cyberattacks
Human Factor

Watch for more in 2022, including translated modules and new additions from our A102 and A103 collections.

QUICK TIP—AVOID TRAINING BURNOUT

Keep employees engaged with one of the many information security training games available in the content center. Search 'games' in the name field to begin and choose from amusing word finds, puzzles and more. It's a training win for everyone!

Plus! if you missed our popular infographic last month on avoiding online holiday scams, we've linked it [here](#) for easy access.
