NEW THIS MONTH

Flash Forward

Did you miss Flash Drive Day, April 5? No worries—you can still celebrate with new content available this month:

- **Click Thinking Express**

Topics include removable media, mobile devices and more.

- **Two New Infographics**

Learn how flash drives can infect and use our guide to Spring cyber cleaning.

Flash drives and other removable media used to store and transport data are often the targets of cyber thieves. They can infect networks, harbor malware and lead to data breaches, making it all the more important to protect them.

Tax Emails for All Seasons

DID YOU KNOW: YOU CAN TEXT PHISH YOUR EMPLOYEES

Not all phishing happens by email, which is why we offer Short Message Service (SMS) simulations, better known as text phishing.

Including SMS in your campaign rotation not only adds variety, it provides next-level phishing awareness training that benefits employees and your organization. Plan your text phishing simulation today by choosing the SMS option in the Content Center. Or contact Barracuda Support.

QUICK TIP: SPEED IT UP

We live in a fast-paced world where content is digested quickly on phones, on the go—anywhere. Keep pace with Click Thinking Express, security awareness modules that take less than a minute to view. Search for them in the training catalog using the term 'CTE.'
