Rollout Guidelines

Click Thinking Interactive Training

Click Thinking Interactive Training is perfect for time-stressed information-security professionals. Packed with engaging videos, games and infographics, they make training fast, fun and easy to implement!

Getting Started

- Choose the Click Thinking Interactive training email in the content center that you wish to use—it's already linked to the module. You can locate the emails using the email name filter and the search term: CTI.

- Send the training invitation at your discretion. There's no right or wrong time for Click Thinking Interactive Training! What's more, you can track when recipients have viewed it to completion.

- Supplement Click Thinking Interactive Training as desired with additional material available in the content center, including infographics, spotlights, and even conventional training modules.

- Designed for time-stressed, on-the-go employees, Click Thinking Interactive Training can be as easily consumed on mobile devices as it can be on a company desktop or laptop. Encourage employees to view at their convenience, emphasizing the fact that each module can be viewed in less than 15 minutes.

- Click Thinking Interactive Training is designed for today's content consumer who values variety. Each module includes videos, games and infographics that keep users engaged and wanting more. Make Click Thinking Interactive Training the cornerstone of an overall training plan.

A Growing Click Thinking Interactive Training Collection

With several core modules available now and many more planned, you'll want to check out our growing collection of Click Thinking Interactive Training modules often!
