- Advanced data security true or false
- Causes of data breaches infographic

Please see the next page for a comprehensive rollout guide and suggested implementation steps to make the most of this curriculum.

Catalog and Rollout Guide

Click Thinking Interactive Training

Click Thinking Interactive Training can be implemented as a comprehensive or customized plan to suit the needs of your organization. Follow the guidelines here or contact Barracuda Support for assistance.

Getting Started

- Make Click Thinking Interactive Training the cornerstone of an overall training plan.
- Consider a comprehensive annual rollout that introduces essential topics first and builds upon this. **For a head start refer to the rollout plan provided.**
- Choose the Click Thinking Interactive training email in the content center that you wish to use—it’s already linked to the module. You can locate the emails using the email name filter and the search term: CTI.
- Send the training invitation at your discretion. There’s no right or wrong time for Click Thinking Interactive Training! What’s more, you can track when recipients have viewed it to completion.
- Supplement Click Thinking Interactive Training as desired with additional material available in the content center, including infographics, spotlights, and even conventional training modules.
- Encourage employees to view at their convenience, emphasizing the fact that each module can be viewed in less than 15 minutes.
- Designed for time-stressed, on-the-go employees, Click Thinking Interactive Training can be as easily consumed on mobile devices as it can be on a company desktop or laptop.

On the Horizon

We’re continually looking for ways to make Click Thinking Interactive Training easy to implement and incorporate into your training strategy. To this end, we’ll soon be adding these modules to our Quick Launch catalog. In addition, we’re reviewing our content library to provide you with email and landing page suggestions to accompany each module. Watch your upcoming Click Thinking newsletters for details.
