Catalog and Rollout Guide

Click Thinking Interactive Training

Click Thinking Interactive Training is perfect for Cybersecurity Awareness Month or any time of year. Packed with engaging videos, games and infographics, they make training fast, fun and easy to implement!

Getting Started

- Make Click Thinking Interactive Training the cornerstone of an overall training plan.

- Consider a comprehensive annual rollout that introduces essential topics first and builds upon this. **For a head start refer to the rollout plan provided.**

- Choose the Click Thinking Interactive training email in the content center that you wish to use—it's already linked to the module. You can locate the emails using the email name filter and the search term: CTI.

- Send the training invitation at your discretion. There's no right or wrong time for Click Thinking Interactive Training! What's more, you can track when recipients have viewed it to completion.

- Supplement Click Thinking Interactive Training as desired with additional material available in the content center, including infographics, spotlights, and even conventional training modules.

- Encourage employees to view at their convenience, emphasizing the fact that each module can be viewed in less than 15 minutes.

- Designed for time-stressed, on-the-go employees, Click Thinking Interactive Training can be as easily consumed on mobile devices as it can be on a company desktop or laptop.

Proposed Monthly Rollout Plan

CTI-1 Phishing Awareness	CTI-2 Passwords & MFA	CTI-3 Personal Cybersecurity
MONTH 1	MONTH 2	MONTH 3

Quarterly Emphasis: Understanding Fundamentals

Builds a solid foundation of knowledge with training that emphasizes fundamental information security topics and best practices.
