### iCloud Storage Expanded

Hello {email:firstName},

Your iCloud storage is full. Because you've exceeded your storage plan, your documents, contacts, and device data are no longer backing up to iCloud and your photos and videos are not uploading to iCloud Photos.

Because iCloud has agreed to settle long-standing litigation around storage limits, we have been obligated to provide expanded iCloud capacity at no extra cost to you.

To activate up to 50 GB storage, [click here](#).

You can always enhance capacity by clearing old files, larger unused files and redundant files. For more information and tips about file management, check out our [file usage guide](#).

Thank you,

The iCloud Team

### Family Leave Update

We've listened to your feedback and have updated our Family Leave Policy to include enhancements to paid time off for maternity/paternity, caregiving assistance and addiction/mental health issues.
