## Product News and Updates

### NEW THIS MONTH

#### New Cloud Host for SAT

Security Awareness Training has moved to a new cloud hosting provider. If you're a non-Barracuda Email Gateway Defense or Email Security Gateway customer, please ensure IP addresses in the range 3.145.232.16/28 are allowed by your network security controls. If you have any questions, please contact [Barracuda Support](#).

#### Check Out the New Email Protection Plugin

Our enhanced new Outlook plugin empowers you to do more to keep suspicious emails in check. At the touch of button you can:

- Report legitimate or simulated phishing emails from campaigns.
- Provide information and context around reported emails.
- Select email messages for encryption.
- Set preferences and destinations for spam and deleted emails.

For more information about the plugin, check out our handy user guide on [Campus](#).

#### Peeking Ahead to Cybersecurity Awareness Month

Summer is winding down and the days are getting shorter which means Cybersecurity Awareness Month is just around the corner! Each October we commemorate the event with new training and

content to help you create a cyber-safe culture—and this year is no exception! We're rounding out our extensive suite of Click Thinking Interactive modules, zeroing in on the latest Real World Threats, conducting a new benchmarking campaign and more. All so you can hit the ground

planning for end of year and beyond. Watch for details in the next edition of Click Thinking!

### UPDATES

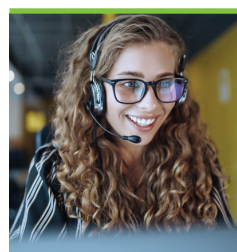

#### Fall Benchmarking Approaches—Sign Up Now

Finish 2023 strong by participating in our October benchmarking campaign—the easy way to assess where your organization stands when it comes to phishing vulnerability. You provide an address book, we follow up with a simulated phishing campaign plus in-depth results for all participants. Like prior benchmarking efforts, this one will be based on a real world threat commonly used by scammers. The best part? There's no fee for participating and we do all the work! Click here for details about [benchmarking](#) and contact [Barracuda Support](#) to sign up.

#### The Fastest Way to New Content

Looking for the latest training content but don't have time to search? Just click the 'What's New' icon in the top left corner of the SAT dashboard to download the latest offering of emails, landing pages and training modules, complete with names you can search for easy reference. Try it when you have a second—because it's all the time you'll need!
