Cybersecurity Awareness Month Issue

Committed to Your Success

We want you to succeed as your organization's top advocate for a cyber-secure workplace—this month and beyond. So we're pulling out all the stops to help you finish the year strong and continue the momentum with the tools and training you need:

Free Tool Kit

Promote best practices with digital assets spotlighting strong passwords, multi-factor authentication, phishing prevention and the importance of software updates. Tool kit is provided by the National Cybersecurity Alliance when you become a Cybersecurity Awareness Month Champion. Click [here](#) for details.

Click Thinking Interactive Training Rollout Guide

Our comprehensive collection of Click Thinking Interactive Training modules now comes with a step-by-step rollout guide you can use to plan a year's worth of incremental training! Stick to the plan or modify it to fit specific training objectives. Here's a sneak peek at the first three months:

Quarterly Emphasis: Understanding Fundamentals

Builds a solid foundation of knowledge with training that emphasizes fundamental information security topics and best practices.

We're Here to Help You Start Planning Today

We take pride in providing the cutting-edge tools you need to be successful. If you'd like help integrating them into a comprehensive plan to create a stronger, secure workforce, please don't hesitate to reach out to [Barracuda Support](#).

BENCHMARKING UPDATE

Fall campaign is underway!

Benchmarking is underway and runs through **October 20**. If you signed up for this free service, you'll receive a customized report no later than **October 31**. Benchmarking is an excellent opportunity to assess your organization's security awareness stance. We phish your employees and report back to you when finished. Click rate, peer organization and industry comparisons are just some of the analytics you'll receive.

If you missed out this time don't worry—we'll do this again in Spring. Moreover, the Content Center is home to a growing collection of benchmarking campaigns you can deploy on your own within minutes! Just use the search term "benchmark" to get started.

A YEAR-ROUND COMMITMENT TO CYBERSECURITY

Scammers, bad actors and other threats to your organization seldom take a day off. Staying vigilant this October—and every month—is the surest way to minimize incidents and avoid being victimized. We're here to help you 24/7/365!
