Product News and Updates

NEW THIS MONTH

Are Your Wifi Gadgets Secure?

Nearly everything is wifi connected these days, which means an unsecured connection from a ring camera, work-at-home printer or any internet-linked gadget could put data security at risk. To help prevent this, we're spotlighting the internet of things and other means of connecting, such as QR codes and more. Just download this month's Gadget Security bundle for details.

### Peeking Ahead: Cybersecurity Awareness Month

Summer is winding down and the days are getting shorter which means Cybersecurity Awareness Month is just around the corner! Each October we commemorate the event with new training and content to help you create a cyber-safe culture—and this year is no exception! We're introducing our next generation of new-look training modules, adding new real-world phishes, conducting another benchmarking campaign and more. Watch for details in the next Click Thinking!

Make it Snappy With Quick Launch

Now you can deploy video training invites in as little as 30 seconds thanks to an expanded Quick Launch catalog that includes our complete U.S. language set. Faster campaign building means time for other priorities like reading Click Thinking! Just tap the Quick Launch icon on the dashboard to get started. It's never been easier to make training a priority!

### BENCHMARKING UPDATE

Sign Up Now for Fall Benchmarking

Finish 2024 strong by participating in our October benchmarking campaign—the easy way to assess where your organization stands when it comes to phishing vulnerability. You provide an address book, we follow up with a simulated phishing campaign plus in-depth results for all participants. Like prior benchmarking efforts, this one will be based on a real world threat commonly used by scammers. The best part? There's no fee for participating and we do all the work! Click here for details about benchmarking and contact Barracuda Support to sign up today.

The Fastest Way to New Content

Looking for the latest training content but don't have time to search? Just click the 'What's New' icon in the top left corner of the SAT dashboard to download the latest offering of emails, landing pages and training modules, complete with names you can search for easy reference. Try it when you have a second—because it's all the time you'll need!
