Cybersecurity Awareness Month Preview

Be a Cybersecurity Awareness Month Champion

October is Cybersecurity Awareness Month (CSAM), and we're pulling out all the stops to make this one a month to remember! This year's theme is 'Secure Our World' and we'll

It's time to start planning for Cybersecurity Awareness Month. Take advantage of everything we have to offer to make yours a success!

help you do so by providing lots of new training and insights to fortify your organization against cyber threats. Whether you're new to CSAM or a seasoned participant, we encourage you to get involved and leverage everything the month has to offer. You've got nothing to lose, and so much to gain!

Updated 'Core Four' Available in Time for CSAM

We're excited to announce the launch of our updated 'Core Four' security awareness training videos, now available in English and

several additional languages reflecting our global footprint! These essential training modules cover the most critical aspects of phishing awareness, designed to protect you and your organization from cyber threats. The Core Four topics—*What is Phishing?*, *Types of Phishing*, *Spotting Phishing Scams*, and *Understanding URLs*—are vital in building a strong defense against cyberattacks. With these newly

What is Phishing?
A guide to understanding.

translated videos, we're making it easier than ever for global clients to access and leverage this crucial information. Ensure your workforce stays vigilant and secure by incorporating these comprehensive, multilingual training resources into your security strategy today. And watch for more updated modules and translations going forward!

BENCHMARKING UPDATE

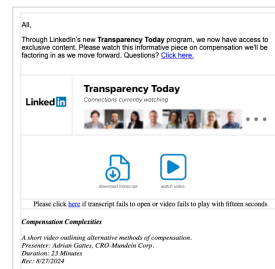

Enrollment Is Open

Benchmarking is a CSAM tradition at Barracuda. Sign up to gauge your organization's vulnerability to phishing. Key dates include:

October 1	Last day to contact support to sign up
October 7	Campaign kicks off for all participants
October 18	Campaign wraps up for all participants
by October 31	Organizations receive custom report outlining how they compare with other participants

LinkedIn Leveraged

Benchmarking will leverage the professional networking platform, LinkedIn, to create a convincing phishing email that mimics real-world scams. Visit our page on [Campus](#) for further benchmarking insights and information.

Sample benchmarking email.

You've got nothing to lose, and so much to gain!

We believe benchmarking is an essential component of a security awareness plan, so we're providing this concierge-level perk to all SAT clients at no extra cost. We also take care of everything from setup to reporting—all you have to do is provide an address book, relax and watch for your results. Why wait? [Sign up now!](#)
